

CYCLONE KELLEY TO FIGHT AGAIN

Slashing Battler Will Meet Either Ryan or Harris Friday Night

Another whirlwind card of the standard set during the past two weeks is promised by Promoter J. R. Downing in the Wasatch Athletic club for next Friday night, according to an announcement made today. For headline honors over the six-round route, Downing has arranged for Cyclone Eddie Kelley, who fought two hard battles recently in the local ring with the Cache Valley Kid, to meet either Jack Ryan or Frankie Harris. Downing said he would decide tonight which of the local lads he will use against Kelley.

The semi-main event should be an even which should appease any desire on the part of the fans to see a slam-bang battle with heavy hitting as a feature. In this scrap Mysterious Jimmy Brown will toe the mark with Red Newey, a boxer who has appeared often in the Ogden and Salt Lake ring. Newey has moved to Salt Lake and has been battling steadily in that ring. Brown believes he can take Red Newey if given an opportunity.

Two huskies will appear in a four-round bout when Kid Andrews and Tommy O'Brien climb through the ropes for action. Both these boxers tip the scales at the 150-pound mark and have been through many hard battles. Andrews and O'Brien are local boxers who have taken new fighting names.

Fans who attended the weekly scraps several weeks ago will remember a whirlwind mill between Spuzer McGee and Eddie Barry. These lads fought a slashing draw and both are now confident. If given the chance they can win. Promoter Downing has matched them for four rounds.

Two other fast battles will round out the program with music to be furnished by Olie Reeve's orchestra.

BRITTON FIGHTS LEWIS TONIGHT FOR 19TH TIME

NEW YORK, Feb. 7.—Jack Britton, world's welterweight boxing champion, will defend his title in a fifteen-round decision bout in Madison Square garden tonight, against Ted "Kid" Lewis of England. It will be their nineteenth encounter. Some of the previous meetings have been among the greatest battles in the history of the sport.

Under articles drawn for the match both men were called to weigh in at 2 o'clock this afternoon. They appeared trained and under the stipulated weight of 147 pounds.

A veteran of the ring, the title holder is eleven years the senior of the challenger, who is 24 years old. Lewis' reach measures 72½ inches and Britton's is 70 inches.

OVERSEAS TEAMS ENTER PENNSYLVANIA CARNIVAL

PHILADELPHIA, Feb. 7.—In addition to French and Canadian teams at the University of Pennsylvania relay carnival here April 23 and 30, the University of Havana, Cuba, may also send a team.

George W. Arton, manager of the carnival also announced today two international relay races have been added to the program. They are a two-mile event, each day to run a half mile and a class B preparatory and high school one-mile race. A number of entries including the Cedar Rapids, Iowa, high school, already have been received for the two-mile relay.

BUCKS FIGHT FILM LAW

RAY CANNON

(N. E. A. Staff Special)
MILWAUKEE, Jan. 31.—Can light pictures be shipped from one state to another? The present interstate law says "No."

Attorney Ray Cannon of this city says "Yes."

Cannon will test the law. He plans to have the Dempsey-Brennan pictures shipped from New York to Milwaukee.

They'll be advertised and shown here.

As soon as they're flashed on the screen the proprietor of the theater will be pinched.

LEGAL CANNON.
Then Cannon will fire his legal guns.

Here's his argument:
The Supreme court of the United States has no right to pass laws governing separate states.

WANTS TO PREP JESS FOR HIS COMEBACK

Tommy Gibbons

By DEAN SNYDER.
Tommy Gibbons wants to be known as a heavyweight from now on. Jess Willard has asked Gibbons to prep him for his fight with Dempsey. "That'll suit me fine," says Gibbons.

"Eddie Kane, my manager, has wired for terms. If they suit, I'll be glad to train the ex-champ for his comeback."

"I want to mix with heavies, anyway. Some of the middleweights will box me."

"I'm as big as Carpenter. If the Frenchman is a heavyweight so am I." Tommy, younger brother of the wonderful Mike, now retired, occupies the same place. Dempsey held a few months ago.

Nobody will fight him. Lake Dempsey has been called the most feared fighter in his class in pugilism. But it was him in business.

Of the few matches booked 55 per cent are called off later by the men selected as opponents.

Gibbons has worked out a scientific training system.

No towel-swinging is done in his corner. Cold water cooling is taboo.

"I use the towel to keep me warm, not as a cooler."

They blazed a race horse between beats. Baseball pitchers wear sweaters between innings.

"If you cool off between rounds it takes a minute of the next to get back fighting speed again."

"I'd like to try out this system on Jess."

"Some day I'm going to be the heavyweight champion."

"And if I am I'll fight for what I can get."

"No boxer is worth more than he can draw."

BRIGHAM WILL SUPPORT TEAM
Many Subscribe Stock of Baseball Corporation to Be Organized

BRIGHAM, Feb. 7.—New life was injected into baseball in this city at an enthusiastic meeting held in the club rooms Saturday night, when it was decided to form a corporation and sell stock in a baseball organization. Over one hundred and fifty shares of stock was sold in less than fifteen minutes after the meeting adjourned.

J. Francis Merrill, chairman of the baseball committee, presided and stated that some action was necessary if Brigham is to have a winning team this season. The Commercial club backed and helped to finance the team last year, he said, and now it was necessary to ascertain what was to be done this season.

BUSINESSLIKE BASIS.
Members of the board of governors of the Commercial club were present and advised the chairman that the Commercial club could not guarantee to be responsible for the expense of running the baseball team but would purchase stock in the baseball corporation if one was organized; that the club had already advanced the deposit fee and will do everything possible to make the thing a success.

Attorney W. E. Davis and others pointed out the advantages of forming a corporation and electing officers and turning the baseball business over to them to run on a businesslike basis. A vote was taken and was unanimous in favor of organizing.

It was then proposed that an organization be perfected under the laws of the state to be known as the Brigham City Baseball club with a capital stock of \$5000, divided into shares of \$10 each, payable as follows: Twenty-five per cent down and the balance subject to the call of the board of directors. In installments of 25 per cent of the amount subscribed, said calls to be made not oftener than thirty days apart.

GUNNERS MAKE GOOD RECORDS

Holdaway Tops Salt Lake and Ogden Shooters at Weekly Contests

SALT LAKE, Feb. 7.—W. Holdaway was high gun at the local traps yesterday despite the fact that the shoot was staged in a blinding snowstorm. He tied with Don Morrison and D. N. Hood for first honors, these two men, however, being professionals.

A lively scramble for points resulted in the shoot for points on the Continental National bank cup. With handicaps added four gunners turned in perfect scores. "Rabbit" Rumei and Dr. R. E. Worrell of Ogden, tied for second place with total scores of 48 in this event. Harry Heagren and Frank E. Schefski were next with 47.

In the professional shoot for the G. I. Becker trophy, D. N. Hood turned in a score of 47 and won 5 points on the cup. Don Morrison was second with 46 and was awarded 4 points.

In the challenge medal event Dr. Worrell of Ogden tied with W. Holdaway, each shooter turning in a perfect score of 25 out of 25. In the shoot-off Holdaway broke 25 straight to 22 for the Ogdenite.

Following are the scores:
Hand. Broken. Total. Pts.
R. A. Wilson... 43 29

GAME PRESERVE FOR WATER FOWL

State Officials Expected to Back Movement Started by Sportsmen

That Utah will have a nesting and resting place for water fowl that will compare with any in any part of the world is the opinion of Utah sportsmen who appeared before Governor Charles Mabey last Saturday and submitted their plans. At a meeting staged by the committee last Friday resolutions were drawn up and presented to the state executive Saturday. The plan has the co-operation of the officials of the United States biological survey, two of these men being in Utah to assist in the work at this time.

There is a large area, encompassing 200 square miles in Box Elder county, in the Bear river valley, which is fit for nothing else but serve for water fowl but which is an ideal place for such a game preserve, according to A. T. Hestmark. The officials of the government are of the opinion that there will be no trouble to get the federal government to set aside lands adjacent to those set aside by the state, providing the state takes the initiative.

The members of the committee are R. H. Siddoway, state fish and game commissioner; H. S. Stone and George E. Holman of the United States biological survey; J. E. Bowman, chairman; R. K. Hardy, secretary; David Jensen, state senator from Weber county; A. R. McIntyre, representative from Weber county; James Knudsen of Box Elder county; I. M. Fisher, Perry Burnham, Harold P. Fabian, D. H. Madsen, Al Hestmark and D. W. Burges.

The resolutions presented to the governor are as follows:
"Our committee to discuss ways and means to provide for the preservation and creation of game preserves begs leave to report to you as follows:
"That, after a very full and free discussion of the phases of the question, which discussion was joined in by representatives of the biological survey of the department of agriculture of the United States, it was unanimously agreed that the legislature:

"First, pass such necessary legislation as will set aside as a permanent public hunting ground, and as a nesting, breeding and resting place for waterfowl, such lands as may be found suitable for said purpose situated in Box Elder county and bordering or adjacent to Bear river and the said lands, when so designated and set aside, be administered and controlled by the fish and game department of the state of Utah.

"Second, that the legislature memorialize congress requesting the federal government to take similar steps with relations to all public lands in Box Elder county, state of Utah, similarly situated, and for like purpose."

BALL MAGNATES TO HOLD MEETING

Schedule for Northern Utah League Will Be Drawn Up at Wednesday Session

Baseball magnates representing the Ogden, Brigham, Tremonton, Lewiston, Logan and Smithfield clubs of the Northern Utah league, will meet at the Weber club Wednesday afternoon, at which time plans for the coming season's play will be started. The league season will no doubt be extended from three months to four months and other changes will also be made it is declared.

The playing schedule will also be adopted. John Coburn, manager of the Logan club, was handed the job of fixing the schedule for the teams and Coburn states that he is ready to report. He has two schedules to offer, one for three months and one for four months. It is likely probable that the latter will be adopted as the majority of the baseball fans in this neck of the woods are of the opinion that the season should not close until Labor day. In past years in the Cache Valley circuit the league season has ended during the early part of August.

Three men are being considered for the management of the Ogden baseball club. The choice of the board of directors of the Ogden club will be made known Wednesday, it is reported.

Louis Forester, formerly manager of the Smithfield club of the Cache Valley club and recently signed by the Cincinnati Reds, recently wrote local men seeking the management of the Ogden club.

President George Romney of the new organization, will preside at the meeting Wednesday. Visiting magnates of the Ogden club.

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

Medical scientists differ as to the causes of every form of rheumatism, but agree that when caused by a tiny disease germ, the only effective method of treatment is to attack the disease at its source, and cleanse the blood of its cause.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, there-

fore, is one which cleanses the blood of these germs, and roots them out of the circulation.

That is why S. S. S., the known blood purifier, is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood and will remove the disease germs cause your Rheumatism, affording relief that is genuine.

S. S. S. is sold by all druggists and literature and medical advice can be had by writing to Chief Medical Officer, S. S. S. Laboratories, Atlanta, Ga.
